## Top of the range MPV / WAV with electric wheelchair

Peugeot 807 auto executive adapted to take wheelchair user next to driver

£1,750 ono

This is a top of the range 807 which has been adapted to allow a wheelchair user to sit upfront next to the driver. It uses a built-in hoist and a purpose built electric wheelchair. 4 other passengers can be accommodated or 3 of the seats removed to allow a large load space.

The following video on YouTube explains how the system works. <https://youtu.be/p9e56itlF0M>

The car is 11 years old but is in good condition for it's age with low mileage, full service history and MOT until June 2018. Minor damage to some areas of trim. Minor paintwork damage. Loose trim on side of drivers seat.

The car spec includes

- 2.0l petrol engine with automatic transmission
- Heated and electrically adjustable driver's seat
- Dual climate control with air conditioning
- Rear parking sensors with display
- Tyre pressure sensors
- Tinted seat windows with side blinds
- 3 fully removable seats (1 fixed) with isofix fittings
- Remote controlled electric sliding rear door on drivers side
- Driving computer with mpg readouts
- Cruise Control and Speed limiter
- Radio and CD player with 6 speakers
- Car alarm
- Auto folding door mirrors
- Automatic central locking
- Roof bars
- Alloy wheels
- Full size spare wheel
- Boot tray and boot cover
- MOT until June 2018
- Full service history, last service May2017
- 56,000 miles
- 28 mpg average fuel consumption

### Adaptations

A hoist to take the wheelchair plus passenger into the front of the car. (The wheelchair becomes the front passenger seat). The car was adapted by Constables Limited (the company has since ceased trading but the hoist has been repaired once by a Basingstoke conversion specialist.

### Wheelchair

- Electric wheelchair with 2 speed settings

- Folding wheels (to get into the car)
- Detachable footrest
- Detachable headrest
- Battery Charger
